Whether you study American Studies in our BA or MA programs, we highly recommend going abroad for one or two semesters, as it will undoubtedly be immensely beneficial to your academic, personal, and professional goals and interests. This workshop is intended to give an overview of the different options for studying abroad and provide guidance for your own decision making process, including helping you find the university or program that is right for you, when and how to apply for scholarships, how to incorporate your exchange term with your studies here at ASL, and how to prepare for the application process and your stay abroad.

This event will be held online via Zoom
